

elemental enthusiast agreement

This special 1-year membership program is designed to help you receive the full benefits of regular chiropractic care without breaking the bank. You will be auto-billed through PayPal, so all you have to do is let us know when you want to come in each month. Here's how it works:

Options For Existing Patients:

You get your first 30-minute chiropractic visit per month for \$48.00, additional visits in the same month are only \$38!

We also offer a 45-minute membership. Get your first 45-minute expanded chiropractic visit per month for \$68, any additional visits in the same month after that one are only \$58!

New and Existing Patients:

A massage membership is available as well. Get your first 60-minute massage per month for \$68, additional visits in the same month after that one are only \$58!

Guest Passes

All enthusiasts can receive up to 3 Guest Passes per year at the introductory member rate of \$48 for existing patients (30-minute chiropractic visit) and \$88 for New Chiropractic Patients or \$68 for a 60-minute massage. (Limit 1 pass per guest).

Earn Free Visits!

When you refer a friend you'll receive an extra 15 minutes on your next visit. If they sign up to become a member, you will also get a FREE 30 minute massage session.

Roll Over

If you have to skip a month, no worries. Your visits roll over, so as long as you use them by the end of your membership year, you're good to go.

On the other hand, if you're having a super-stressed month and would like to come in more than once, any *additional* visits are \$38 for the 30-minute visit plan or \$58 for the 45-minute chiropractic visit and 60-minute massage plans (that is roughly 40% off the regular per visit price).

Can't commit or have a deductible to meet? If you have insurance but need to meet your deductible before your benefits kick in, you can still take advantage of the savings by purchasing a 3 or 4 visit package for \$200. Choose from the following options to be used in full by April 30th, 2013:

- Three 60 minute massages
- Three 60 minute fascial manipulation sessions
- Three 45 minute chiropractic sessions
- Four 30 minute chiropractic sessions

Terms of the agreement:

▪ One Year Contract. (If you develop a health condition that contraindicates chiropractic care or move from the immediate area, you may cancel your membership with no termination fee. Proof of condition or move is required.)

- Any unused visits expire by your 1-year renewal date, so don't let them go to waste!
- You'll be charged a processing fee of \$25 if you choose to change plans. It's not an annual fee, just a one-time thing if you decide to alter your plan.
- 24-hour notice required to cancel or change an appointment or the visit will be forfeited.
- Additional visits per month will be payable at the office at the time services are rendered.
- Enthusiasts are responsible for keeping their credit card information up to date with PayPal.
- May not be combined with any other discount or promotional offering.
- Early termination fee \$100.
